

# ENGAGE

The Longspur Prairie Fund invites you to become part of a community vision for the the Red River Valley. If you are pro-business, pro-farmer, pro-hunter, pro-science, and pro-nature like us, then we want you to experience and discover the pleasures of our local natural legacy. Adopt, if you can. More importantly, spread the word and walk the land!

# DECLARE YOUR SHARE

Visit our website.  
Get involved.  
Adopt.  
Keep it real.

## OUR PARTNERS

- The farmers, hunters, scholars, and business owners of the Red River Valley and surrounding counties.
- Biology and Environmental Studies Departments, Concordia College, Moorhead
- Energy and Environmental Research Center (UND)
- The Nature Conservancy of ND and MN

The Longspur Prairie Fund, hosted by the Impact Foundation, is a nonprofit, tax-exempt charity (TIN 20-0520386) organized under Section 501(c)(3) of the Internal Revenue Code. Donations are tax-deductible to the fullest extent allowed by law.

# RESTORE RESPECT INSPIRE

ADOPT AN ACRE PROGRAM

[www.longspurprairie.org](http://www.longspurprairie.org)

## OUR MISSION

The Longspur Prairie Fund is dedicated to fostering the experiences, insights, and pleasures found in the native landscapes of the Red River Valley by way of advocacy, education, and conservation. We respect farmers, hunters, business owners, their properties, and their communities. We protect native plants, animals, habitats, and their ecologies. We teach the wisdom of the prairie through the arts and sciences. We restore native landscapes and preserve them for all time.

## ADOPT AN ACRE

The Longspur Prairie Fund can't do its work without our local partners. Together, we're building a network of restored prairies and wetlands in the Red River Valley that serves local wildlife, local scientists, local hunters, and local communities.

**How can you get involved?  
Easy! Adopt an acre of local  
prairie or wetland.**

The Longspur Prairie Fund offers five levels of annual prairie and wetland sponsorship:

### **Prairie Partner**

\$240/year, adopt 1 acre

### **Prairie Steward**

\$1200/year, adopt 5 acres

### **Prairie Warden**

\$2400/year, adopt 10 acres

### **Prairie Sun**

\$4800/year, adopt 20 acres

### **Prairie Star**

\$9600/year, adopt 40 acres

Every acre of restored prairie can store more than a metric ton of carbon, can provide habitat for hundreds of different species of wildlife, and can sustain thousands of different species of grasses and flowers. Every acre of restored wetland can and purify about 1.5 million gallons of run-off, can recharge ground aquifers with water that has been filtered of 95% of its nitrates and phosphorus, and can provide habitat for over 25% of the High Plains' native plant and animal species.
